

Dear Parent / Carer

The benefits of learning a musical instrument at a young age are well documented and include reducing stress, improving patience and perseverance, cultivating creativity, and building confidence. Our video “Let’s Make Music” highlights these with young musicians talking about the positive influence music has had on their lives.

<https://www.youtube.com/watch?v=0d5xzPZZRDI>

In Fair oak Primary we currently offer lessons on Guitar, Piano and Violin but can offer lessons on a wide range of instruments. We have put together a series of videos introducing you to the different instrument families so you can get an idea of what they sound like and how they work.

If you are interested registering your child for weekly music lessons, there is more information on the enclosed flier, or you can visit <https://cavms.co.uk/>

We look forward to starting your child on the wonderful musical journey which learning an instrument can be.

David Miller
